

Danique Jones-Rhule

Full-stack Developer (Django | Python | JavaScript | React)

London, UK

07459-517-418 / daniquejr18@gmail.com / [Portfolio Website](#) / [LinkedIn](#) / [GitHub](#)

PERSONAL PROFILE

Full-stack developer specializing in Python/Django and React applications. Built and deployed 8 production-ready web applications including e-commerce platforms, real-time messaging systems, and API integrations. Hold BSc-equivalent in Applied Computer Science. Previous technical leadership experience supporting millions of users at Airbnb.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript (ES6+), HTML5, CSS3, SQL
- **Frameworks:** Django, React, Bootstrap
- **Databases:** PostgreSQL, MySQL
- **Tools & Platforms:** Git/GitHub, Heroku, Vercel, Chrome DevTools
- **APIs & Integration:** RESTful APIs, Stripe API, Google Maps API, Anthropic AI API
- **Development Practices:** Agile methodology, responsive design, version control

EDUCATION AND TRAINING

Oct 2022 – Oct 2025

University Centre Peterborough - Level 6 Applied Computer Science
(equivalent to Bachelor's degree)

PORTFOLIO PROJECTS

- ★ **Little Library** | Python, Django, PostgreSQL, Stripe API, Javascript | [Live Site](#) | [GitHub](#)
E-commerce platform for book tracking with user authentication, custom shelves, reviews, and secure payment processing. Deployed on Heroku with 10+ test users.
- ★ **Take A Breath** | Python, Django, PostgreSQL, Javascript, HTML, CSS | [Live Site](#) | [GitHub](#)
A minimalist web app for sharing anonymous notes of kindness, featuring a Django backend with CRUD messaging and user interaction tracking. Deployed on Heroku with 10+ test users.
- ★ **Personal Portfolio** | React, JavaScript, HTML5, CSS | [Live Site](#) | [GitHub](#)
A modern, responsive portfolio website showcasing my skills, projects, and experience as a developer. Originally built with vanilla JavaScript, this portfolio has been rebuilt using React for improved performance and maintainability.
- ★ **Chef Claude** | React, JavaScript, HTML5, CSS | [Live Site](#) | [GitHub](#)
An AI-powered recipe generator that turns your ingredients into custom recipes. Enter what you have in your kitchen, and Claude AI creates a personalized recipe just for you. Built with React and the Anthropic API.

COLLABORATIVE PROJECTS

1. Halloween Hackathon

Technologies Used: Python, Django framework, Javascript, Postgres DB, HTML5, CSS, Bootstrap.

Collaborated with a remote team of 3 developers to build and deploy a Halloween-themed web application in 5 days using agile methodology.

Created all frontend design.

WORK EXPERIENCE

Mar 2020 - Nov 2023

Airbnb - Sutherland, Jamaica

Platform Service Agent/Team Leader

- Resolved 100% of escalated technical cases by diagnosing complex platform issues, replicating bugs across web and mobile environments, and partnering with engineering teams to document root causes and implement timely fixes
- Provided expert technical software support for Airbnb's global platform serving millions of users, troubleshooting account authentication, payment processing errors, API functionality issues, and application performance problems
- Collaborated cross-functionally with Engineering, Product, and Business Stakeholders to escalate critical issues with detailed technical documentation, ensuring transparent communication and efficient resolution of complex problems
- Managed high-volume technical support queue across phone, email, and chat channels while maintaining strict SLA compliance and customer satisfaction in fast-paced, high-growth startup environment
- Led team performance and mentorship, coordinating AUX schedules, providing training to team members, and implementing process improvements that contributed to 10-13% improvement in overall team efficiency

Nov 2023 – Oct 2024

Moved to the UK

Oct 2024 – Nov 2025

Marshmallow Insurance, UK

Customer Happiness/Retention Agent

- Utilised strong problem-solving skills, resulting in an average positive review rating of 80-92% weekly
- Maintained an average of 4.2 chats per hour, with the ability to manage lines of communication at once
- Coordinated across departments to address complex customer challenges efficiently using Slack.

CERTIFICATES

iCreate Institute - Certificate in ToonBoom Harmony Animation
Certificate in Social Media Marketing

Vector Institute - Certificate in Level 1 & 2 Graphic Design Photoshop & Illustrator
